# PRN Advisors Coding Services

**Specialty-Specific** – Gain immediate access to specialty-specific Certified Coders who are experienced and highly skilled in all clinical specialties and subspecialties of surgical coding, medical coding, anesthesiology and radiology coding (over 120 specialties).

**Facility** – Coding for all types of hospital outpatient departments and clinics, ambulatory surgical centers, emergency departments, cardiac catheterization labs, and both diagnostic and interventional radiology departments.

**DME/HME** – Keep up to date on coding regulations for Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS).

**ICD-10** – PRN Advisors verifies ICD-10 coding and documentation accuracy.

**HCC Coding and Audits** – We assess Risk Adjustment Factors and Hierarchical Condition Categories (HCC) for appropriate coding to Medicare Managed Care Organizations.

**Audits** – Our audits will help your organization with OIG regulations compliance, ensures you are up to date with coding rules and regulations, improves the accuracy of your medical records and serves as a teaching tool for your employees.

**Education** – PRN will educate your staff on the latest guidelines and ensure optimal and compliant coding along with testing to keep your coders informed.

*Certified Business Partner  
and  
Authorized Trainer*

## Resources

- **PRN Advisors Database** — Coders, billers, auditors, educators and trainers looking for work are encouraged to join the free PRN Advisors database. By entering their information into the database, they instantly become part of the PRN Advisors pool of job candidates. PRN Advisors connects highly skilled individuals with organizations in need of services.
- **PRN Coders Network Listserv** — This free listserv brings together coders and coding experts from throughout the country to discuss coding and billing challenges.
- **Jobs and Internships** — Healthcare organizations looking to fill an open job or internship can submit the details on the available position to be posted on the PRN Advisors jobs and internships board while professionals looking for a job or internship can review the latest openings.
